

Our Client Stories

At Novia Global we have always prided ourselves on delivering great service and added value to our clients.

We always want to hear what our clients are saying about us - here are just some of the things we've been told recently:

"As Novia Global is our fee-based platform of choice, it was great news for us and our clients that they were adding a SIPP to their offering. The lowest cost in the market coupled with excellent service, it's been a perfect fit for our expat clients"

Ryan Frost – Private Client Adviser

PARTNERS WEALTH MANAGEMENT LLP

"Sensible interface layout and responsive personnel"

Nathan Prior – Partner

"I love working with Novia Global – a professional, modern investment platform that works and looks good (both to us and clients) backed by a team that's always on hand and gets stuff done. They have been a breath of fresh air to our business.

This is the way platforms are meant to work! Nothing comes close to this in the offshore world in my experience."

Richard Taylor

"We have been very impressed with our dealings with Novia Global from inception, not only with the functionality of the platform itself, but also the professional back office support we have received, and continue to receive, from their team. The platform enables us to continue to offer our clients a far improved service than previously."

Nick Reid - Director

"Traditional paper/post based administration systems are time-consuming, inefficient and becoming more and more irrelevant. Technology has moved on and Novia Global platform's ease of use and excellent functionality means investment processing is now simple, effective and client-friendly.

Back office support is of the highest standard and the Novia Global team are always happy to help whenever needed. Less time wasted means more time for productive, revenue generating activity."

Phil Loughton

"The relationship with Novia has been fantastic for us and our clients. It is refreshing to work with a firm like theirs. We really appreciate the professionalism they bring to offshore advisory space. Dave and Jonathan have been especially great."

Andoni Yturralde

CROSS BORDER | WEALTH

"Here at SJB Global we appreciate transparency, low cost and efficiency. Novia Global have been fantastic in providing not only a great product that 's provides all of these things for retail clients, but also great support for advisers.

Paul Forman has been especially helpful with training and support and we look forward to recommending their new international SIPP product which incorporates their platform inside a SIPP, something which the offshore market is missing.

Sam Barber - Principal
