### **“Many Happy Returns...”**

13th August 2020: The International SIPP, a low-cost retirement solution from Novia Global is celebrating one year since its launch.

Novia Global launched the International SIPP a year ago to provide a flexible, cost effective retirement solution aimed at the UK ex-pat community.

Since its launch, the International SIPP has received over 400 applications and through its use of the latest technology has seen transfer waiting times reduce to an average of around 28 days for all scheme types, and typically just 10 days in the case of money purchase scheme transfers.

Steve Andrews, Managing Director at Novia Global said “We launched the International SIPP to meet the requirements of the international investor. Since its launch we have been inundated with positive adviser feedback, much of which has focussed on the low service charge and the simplicity of having the SIPP wrapper and platform all ‘under one roof’ through a single, online application process.”

Andrews continued: “At Novia Global we always aim to provide the technology and the solutions to help meet client demand - the International SIPP is just one example of how we do this. We would like to thank everyone who has supported its success and encourage anyone looking to take advantage of our low charges, multi-currency capability and straight through processing technology to please get in touch with us.

One year ago, this was an exciting launch for us, one year later and we are even more excited by the benefits that this product can offer.”

The International SIPP is provided by Novia Financial plc and administered by them in accordance with the rules of the scheme. Novia Global Ltd provide the investment platform through which the International SIPP is available as well as the technology to monitor and manage your International SIPP and its underlying investments.
